Installation

Our company has third party Certification for the installation of metal doors – issued by IFC. IFC Certification is a UKAS accredited and internationally recognized customer focused independent third-party certification.

Ironmongery

Architectural Ironmongery is a term used for the manufacture and wholesale distributor of items made from iron, steel, brass, aluminium or other metals, including plastics, for use in all types of buildings. The Architectural Ironmongery range includes door handles, closers, locks, cylinder pulls and hinges etc.

Metal Frames and HPL Doors, X-Ray Doors, Hermetic Doors, Special Hospital

Doors

The construction of a healthcare facility requires the highest quality standards.

Our company's doors are manufactured to provide safety and hygiene.

doors and frames are antibacterial. Special requirement doors such as Hermetic and doors for X-Ray areas can also be supplied.

Metal Doors

Our company specializes on fire & smoke resistant metal doors for internal and external use. The range of the fire resistance can be from 30 to 120 minutes. All metal doors can be either “E” or “EI”.

Riser Doors

Riser door systems are elegant, frameless, high performing riser doors, which allow you to create a flush seamless finish. They can be fire rated and insulated.

seleco

Operating Theatre Doors

In operating theatres and rooms with stringent hygiene requirements a safe environment is necessary. These doors system restricts the air and prevent the spread of microorganisms.

Access Control

Our company provides the most advanced access control solutions, offering this way a key-less operation and maximum comfort.

Smart, secure and easy to install, combine maximum security and design.

Movable Acoustic Walls

Our company provides movable wall for healthcare facilities. Movable walls combine elegance and comfort as they can also have high acoustic resistance.

Relocatable partitions

Relocatable partitions are forms that serve to divide a building's room and they can be joined together section by section or as one unit. They are providing privacy and noise reduction.

Wall protection

Our company offers a wide range of wall protections especially for intensive high traffic areas. A combination of protection and decoration fitting in all areas by providing high level of hygiene and a decorative touch.
